

Praise to the Father, Son and Holy Spirit!

You, Lord, have provided a beautiful earth and given us the ability to contemplate its beauty.

You have provided abundance to meet the needs of all, yet many of the most vulnerable people are losing their land and livelihoods due to a climate crisis that they did little to create and don't have the resources to combat.

Forgive me for not valuing and protecting every life that you have created with the same fervor that I value those closest to me.

Help me align my will to Yours this Lent and stay dedicated to my Lenten commitments. Help me to follow in Your footsteps more closely and with greater resolve.

Please convert the hearts of those who do not hear the cry of the poor, suffering from the climate crisis.

Please help those who do not turn to you for answers, refuse to acknowledge their share of responsibility, or fail to acknowledge You.

Please grant that those who do not confess Christ will find truth by walking with a sincere heart.

O Blood and Water, which gushed forth from the Heart of Jesus as a fount of Mercy for us, I trust in You.
